

I have attached multiple handouts to this email to help paint a clearer picture of what your Bobcat's school day will look like.

I realize you may have questions in regards to remote learning for 100% of our Cats after reviewing this information.

In regards to athletics; our district leadership, myself and other high school principals are collaborating with our coaches and AIA to determine what our next steps will be. We will send updated information in regards to those pieces of the remote learning puzzle as soon as we receive it.

Senior families will also receive information pertaining to the revisions to the shadowing portion of the Senior Exit Project no later than August 21st. In the meantime, the requirements for the Senior Exit Project paper and presentation will remain intact and seniors will begin working on their Senior Exit Project research papers in English classes.

This is an unprecedented time. One year ago today, the idea of remote learning for all of our Cats was not an idea we even considered. Now it is our reality.

Please know this, our campus is filled with adults who genuinely care for our Cats and each other. We are 100% committed to making our Bobcats high school experience the very best it can be, even when the setting is remote. We are committed to serving our Bobcat Nation families to the best of our ability no matter where our Cats are sitting while they are learning, connecting with our staff and each other.

Please reach out to me or your Cat's counselor with questions that you may have in regards to remote learning.

Thank you for your continued partnership and patience.

Honored to serve you and your family,

A handwritten signature in black ink that reads "Kim Middleton". The signature is written in a cursive, flowing style.
